Update on Legislative Process – Director Mehu

The Charter Amendment resolution will be introduced through City Council. We are in conversation with Rules and Legislative Oversight Committee Chair – Councilman Isaac Schliefer – to get a hearing scheduled as soon as possible.

All hearings are broadcast via CharmTV on all their regular platforms.

Update on Outreach Process and Budget – Chair Parker

Public meetings will be held after the Charter Amendment passes through Council to complement the educational component. Will continue working with the Administration to develop materials for presentation.

We are able to move forward with the proposed budget, provided it go through the proper City funding processes.

Review of Upcoming Schedule with Other Cities
